

CD Cover Insert and Traycard Specifications

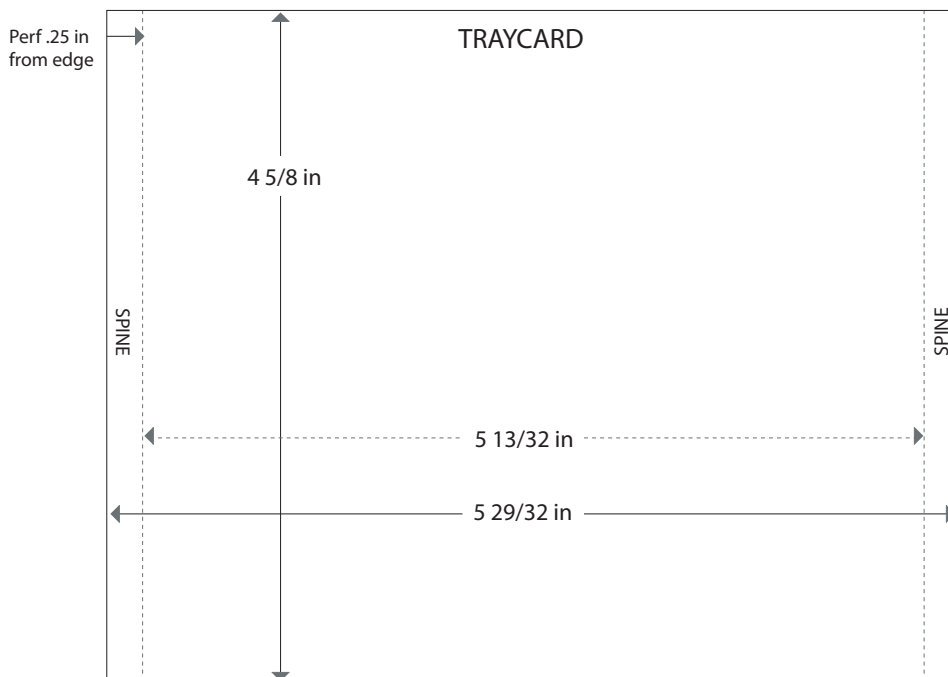

Diagrams of cover insert and traycard have been scaled down to 75% of actual size.

Please:

- Include a color proof along with your artwork
- Keep all pertinent information 2mm from trim
- Place crop marks close to cut lines
- Extend the artwork (bleed) at least 3mm beyond the trim lines
- Please include required fonts

If artwork is not to Failsafe specifications you will be notified. If you choose to have us make modifications, you will be quoted accordingly.
